Dear Mark,

It hit me in the middle of our annual Board of Directors Strategic Planning Session last week – I never sent you a formal thank you for your presentation at our Annual Membership Meeting in April. It hit me then, not because I wasn't paying attention at the meeting, but because they were talking about you – again! The buzz started as we were considering who would chair our various committees and they put it to the chair of our Program Committee this way, "Greg, if you can keep coming up with speakers as good as that Dr. Dotzour who spoke in April, then we really want you to keep doing what you're doing for another year!"

I thought you would want to hear that. The information you presented was good, solid information backed by good, solid research, experience and Texas-sized disclaimers. We appreciated the liberal use of humor you used to deliver your economic forecast for real estate. Thanks for an excellent presentation!

Best regards,
